

CONE GRIP

Re-Order #**Unit** 201060

6/Bx.

 201070

36/Cs

A cone-shaped anti-contracture device that conforms to the natural taper of the hand. The firm surface keeps hands open without stimulating finger flexation. The perspiration absorbing outer cover removes for easy laundering. An adjustable elastic band accommodates all hand sizes and prevents the Cone Grip from being dropped.
