

## ECONO SHEEPSKIN HEEL PROTECTORS

Re-Order #	Description	Unit
<input type="checkbox"/> 503004	Single-Ply	Pr.

A uniquely designed heel protector that places multiple layers of plush synthetic sheepskin directly under the critical pressure point of your patient's heel. Maintains maximum resiliency for constant pressure relief.

### LAUNDERING INSTRUCTIONS

Wash and dry at temperatures up to 180°F (82°C). Bleaching is not recommended. To prolong the useful life of the hook-and-loop secure closure before laundering.
