

Re-Order #	Description	Size	U/M
912440	Sensory Stimulation Gel Pad w/marbles	7" x 16"	Each

Purpose

User moves plastic disks through a gel-filled pad and positions each disk inside one of three rings. This activity provides tactile and visual stimulation, enhances eye-hand coordination, increases finger strength, improves hand dexterity, and extends attention span.

Easy Care

The 3-Ring Gel Pad may be cleaned with a mild, non-chlorinated detergent and can be disinfected with a mild, non-chloride-containing disinfectant. Although the gel is not toxic, medical assistance must be invoked if the gel is taken through the mouth. If the product is cracked or damaged, it must be discarded.

Other Gel Sensory Activity Pads from

Spyro-Gel Pad

Reorder # 912428
User guides plastic disks around gel spiral. Cushions table top against injury caused by uncontrolled motor activity.

Tic-Tac-Toe Gel Pad

Reorder # 912435
