

Purpose

Skil-Care's Weighted Lap Pads provide the deep pressure users require in order to feel grounded. These pads enable users to sit better for longer periods and pay closer attention for improved learning. Weighted lap pads are recommended for use at home, in class, and during road trips.

Easy Care

These vinyl-covered pads can be cleaned with a mild, non-chlorinated detergent and can be disinfected with a mild, non-chloride-containing disinfectant. Although the gel is not toxic, medical assistance must be invoked if the gel is taken through the mouth. If the product is cracked or damaged, it must be discarded

Caution

This product must always be used under the direct supervision of a care giver.

- Remove all buckles, keys, and other sharp objects before using so as not to damage product.
- We strongly recommend that this product not be used with individuals cognitively under age 5.
- Although the gel is non-toxic the item should not be chewed or ingested.

Note: Do not stand or sit on lap pads as a leak might occur.
