### PURPOSE

This heat sealed vinyl, gel filled Flower Pads can be used as a convenient and comfortable seating platform when used on the floor. It can also be used on the table as a sensory stimulation pad that will provide tactile and visual stimulation. Stimulation pads enhance eye hand coordination, improves finger strength and dexterity, and cushions against injury caused by uncontrolled motor activity. These pads also reduce boredom and increase attention span.

### USE INSTRUCTIONS

The pad may be used on the floor or table and should be situated with the gel facing up.

### CARE INSTRUCTIONS

The Gel-Flower Pad is heat sealed and can be cleaned with a mild disinfectant. Although the gel is non-toxic, medical care should be consulted if the gel is ingested. If a tear or rip is observed in the gel the unit should be discarded. These products must always be used under the direct supervision of a care giver.
