

Gel/ Fabric Activity Trays

Reorder #	Description	Size	Wt. (lbs)	Unit
□914671	Gel Wave-Blue & Yellow	13.5"x 21"	4.9 lbs	Ea
□914673	Gel Star-Yellow & Green	13.5"x 21"	4.9 lbs	Ea (shown)

PURPOSE

These trays incorporate multiple tactile sensations including 4 different fabrics and gel. They provide tactile and visual stimulation that addresses boredom, improvement of eyehand coordination, reduction of anxiety and finger strength and dexterity.

USE INSTRUCTIONS

Place tray on a table or convenient surface and instruct the child to touch the surfaces, move the marbles and ask for feedback regarding sensations. Also encourage the child to remove and replace the four fabric shapes.

CARE INSTRUCTIONS

The vinyl component is heat sealed and can be cleaned with a mild detergent. The fabric components can be cleaned with a mild detergent or can be laundered. Although the gel is non-toxic, medical care should be consulted if the gel is ingested. If a tear or rip is observed in the gel or fabric components the units should be discarded.

Neither the gel or fabric components should be eaten or placed in the mouth. These products must always be used under the direct supervision of a care giver.
