914754	Crash Pad TM with extra cozy cloth cover	3' x 4'	Each
914755	Crash Pad TM with extra cozy cloth cover	5' x 5'	Each

Purpose

The Crash Pad is a soft-landing zone for kids requiring sensory input or can be used as a giant bean bag for reading & relaxing. Ideal for sensory rooms in schools, clinics, or at home. This pad is filled with soft foam pieces and comes with a durable water resistant anti-bacterial nylon cover.

Easy to Use

This item ships compressed and will expand to complete fullness within 48 hours. The mesh vents gently release air during use and allow the pad to return to its natural ideal state. To ensure safe crashing, place the pad away from walls and furniture. Do not block mesh vents. The nylon cover easily wipes clean and can be laundered separately. Do not launder the foam pieces.

Caution

Although the nylon cover is flame-retardant, the foam pieces are free of flame retardant properties.

Easy Care

The inner cover can be wiped clean with a standard cleaning solution. The optional outer cover can be laundered at temperatures below 180°F (82°C).
